Chikkaballapur District – 562101, Karnataka

HOSTEL ADMISSION BROCHURE FOR 6TH LEVEL 2026-2027

For More Information:

<https://srisathyasailokasevagurukulam.org>

OUR VISION

To provide high quality, values-based holistic education, totally free of cost, to the deprived and needy rural children, in order to create strong individuals with brilliant Heads, compassionate Hearts and competent Hands.

sā vidyā yā vimuktaye – True Education is for Liberation

OUR MISSION

To support the setting up of one educational institution in each of the 600 plus districts of India, and imparting values-based holistic education free of cost, thus serving as a model for other institutions in that region.

The end of Education is Character and the end of Knowledge is love

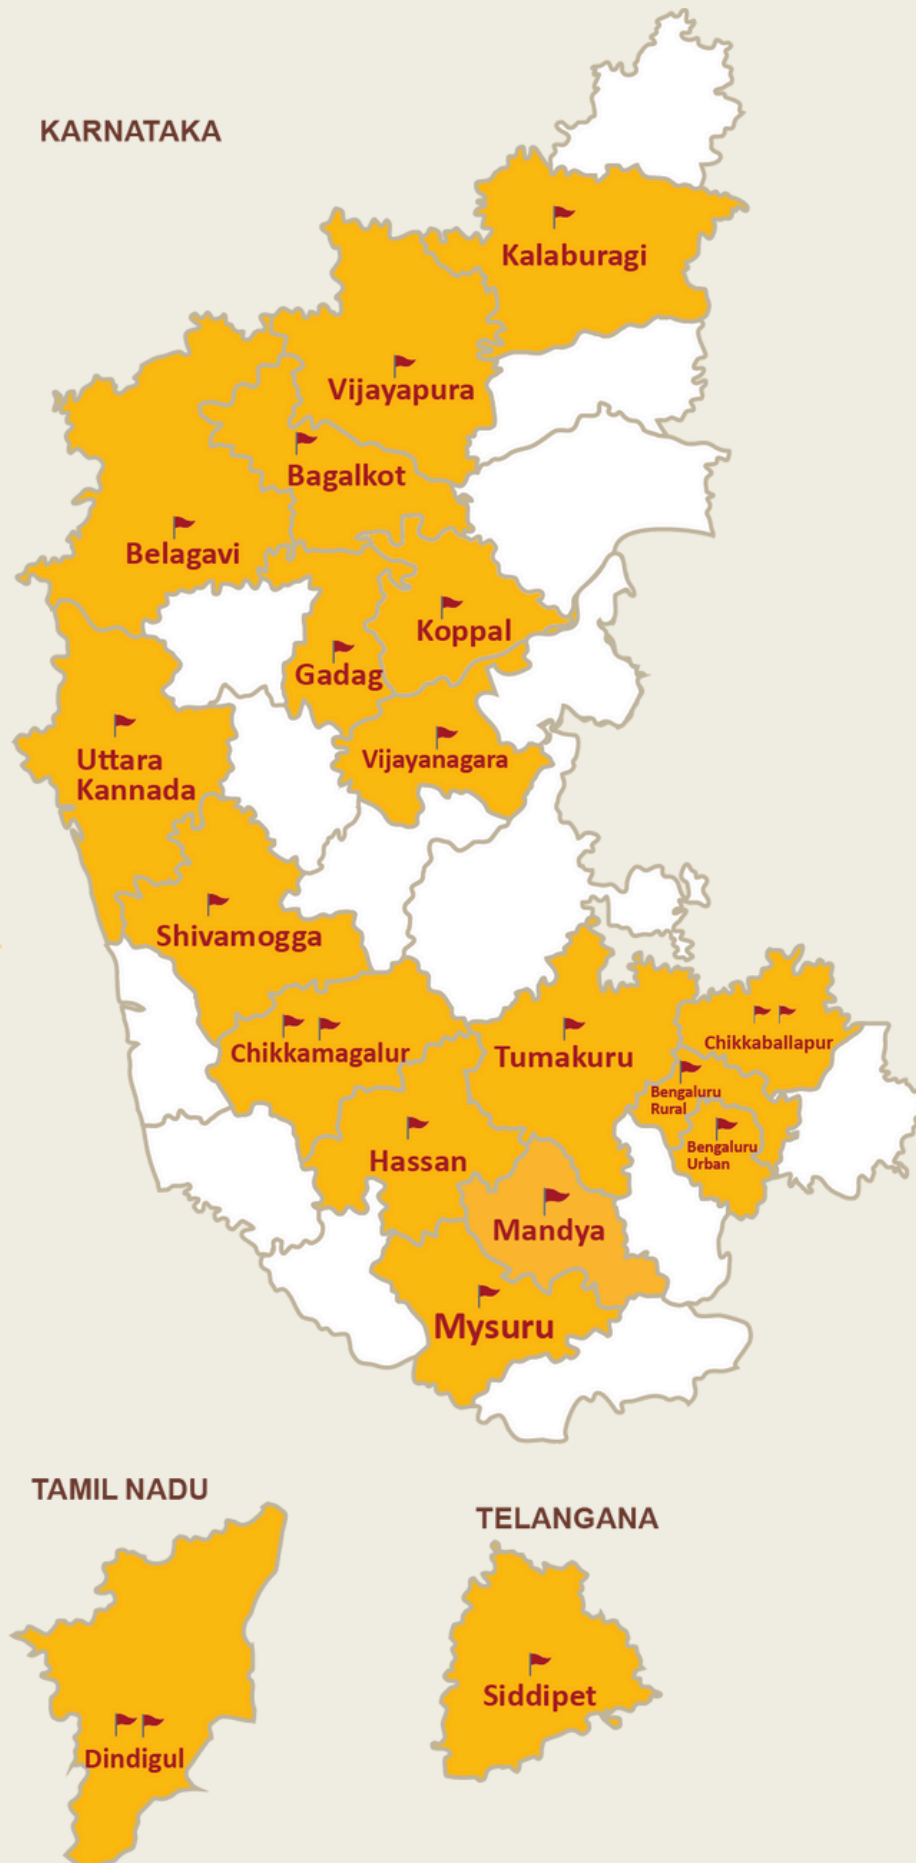

SRI SATHYA SAI LOKA SEVA GURUKULAM

Sri Sathya Sai Loka Seva Gurukulam (SSSLSG) is a unit of Prashanthi Balamandira Trust (PBMT), which is a public charitable Trust, embedded firmly on the principles of Sri Sathya Sai Baba towards rendering selfless service to the rural needy, by bestowing a unique blend of spiritual and intellectual education.

***sarve vedavidaḥ dhīrāḥ, sarve jñānōpa
sampannaḥ, sarve samuditā guṇaihi,
sarve lōkahite ratāḥ***

"The right kind of education that teaches the science of the material world and also the science of spirituality by helping one realise one's eternal Divine Self is the Indian Gurukulam System of Education" – Sri Madhusudan Sai

OUR GEOGRAPHICAL FOOTPRINT

**** 22 Campuses in 17 Districts in Karnataka, 1 District in Telangana, 1 District in Tamil Nadu***

UNIQUENESS OF GURUKULAM

Our Gurukulam system is based on the philosophy of our Founder Sri Sathya Sai Baba who firmly believed that integrated development in children is possible only with the right balance of academic, moral and spiritual education. In the recent times, we have reviewed our approach and taken necessary steps to rededicate ourselves to our Founder's vision, by imparting high quality academic education, by teaching sciences alongside spirituality, humanities alongside divinity, and excellence alongside enlightenment.

For the child to have a well rounded personality and be able to withstand the pressures of life, in any progressive society, there needs to be equal emphasis on Physical, Intellectual, Emotional and Spiritual aspects. Unfortunately, some or the other aspect of this holistic education philosophy is found lacking in most of the present-day educational pedagogy due to its excessive focus on the academic aspect alone, and thus this needs immediate rectification.

At SSSLSG, moral and spiritual education based on the Universal Human Values of Love, Right Conduct, Truth, Peace and Non-violence is imparted to students. In our Gurukulam System, teachers live with students and nurture an atmosphere of learning and living with love.

DEVOTION, DISCIPLINE, LOVE – A MEANS OF TRANSFORMATION

It is said there are two goals of education – jīvana upādhi, education that imparts knowledge and skills to lead lives, and jīvita paramāvadhi, Self realisation, which is the ultimate goal of life.

Students at the Sri Sathya Sai Loka Seva Gurukulam are exposed to a unique learning model that isn't just limited to classrooms. From hostel rooms to dining halls to the playground, students are exposed to values and lessons everywhere – education with the heart.

Students are engaged at an intellectual, emotional, logical, ethical and spiritual level, inspiring and prodding them to always listen to, and act from the wisdom that's latent within. Therefore, the unique feature of these Institutions is to impart sound, liberal, high quality 'Man-Making' education on modern lines, blending it with the noble values of Indian heritage in an atmosphere of Devotion, Discipline, Love and Mutual Cooperation.

Sri Sathya Sai Baba, considered education, not as accumulation of information but rather a means of transformation

DAILY ROUTINE

Early to Rise and Early to Bed

The daily routine begins with chanting Suprabhatam at 5 a.m. and then undertaking yogasana, meditation, exercises etc. After breakfast, the academic classes begin from 8 a.m., with a one-hour break for lunch. Studies continue till 4 p.m., and this includes the time for practical work and study time as well. Evening activities include outdoor games, followed by evening satsang and later study time for Indian Culture and Spirituality. Students go to bed early after a glass of milk and night prayers

JOY OF LEARNING

We firmly believe that in the coming decades stress in the life of a human being is only going to increase. So, there is a need to teach in the present-day schools how to cope with that. Research has shown that by and by, the Spiritual Quotient and the Emotional Quotient are becoming equally important, if not more important, than Intelligence Quotient. We take this responsibility very seriously to help the child develop the right behaviour which would create joy and happiness in his or her own life and in the life of those around him or her.

Education experts define the most important skills for the twenty first century students of a global society, as the 4 C's – critical thinking, communication, collaboration and creativity. But, we consider the 5th C – character over and above the 4 C's, as the most important.

Simply put, Character is the ability to do the right thing always. Understandably, all of this requires considerable time and focussed effort. Therefore, reducing the unwanted academic burden by enabling the child and the parents to choose the right subjects, based on child's aptitude and interest, can help the child immensely, and allow enough time to learn other important skills, for not just surviving but thriving in the twenty first century

***CONTINUING EDUCATION POLICY**

Once enrolled in the Gurukulam, students are expected to pursue their education continuously until they become employable. To facilitate this, we offer a range of courses that enable students to, Progress in their area of interest and Develop skills for perfection. This policy ensures students receive comprehensive education and training, empowering them to achieve their full potential

***AFFILIATION TO NIOS**

All Students at Gurukulam will be studying under *National Institute of Open Schooling* [**NIOS**] system.

NIOS is an Autonomous Institute under Ministry of Education, Govt. of India NIOS system which augurs well for our vision of balanced and holistic education, by helping reduce the stress of frequent assessment and examinations on our students, and allowing more flexibility in choosing subjects of one's interest and inclination, leading to better performance
